Summary

Motivated web developer with strong time-management and leadership skills eager to contribute to a startup's success. Proven ability to implement innovative and creative web products. Seeking a web developer role to utilize personal abilities in delivering exciting and impactful solutions.

Education

Bachelor of Technology - BTech • Malla Reddy University Hyderabad **Aug 2021 - Present**
Computer Science • Grade: 8.38
EDUCATION:

- Currently serving as one of the co-heads of web development in GDSC club.
- Proficient in front-end development with a strong focus on enhancing user experience.
- Actively expanding skill set to include backend web development.

Projects

Mruspace **Feb 2023 - Present**
Malla Reddy University Hyderabad

- Developed Mruspace, an innovative learning resource platform for Malla Reddy University students.
- Implemented the platform using Reactjs and TailwindCSS, ensuring a modern and user-friendly interface.
- Demonstrated passion for enhancing educational experiences by creating a comprehensive and interactive tool.
- Enabled students to easily access learning materials and collaborate with peers, fostering a dynamic and engaging academic environment.

Ticket Resale **Jan 2024 - Present**

- Built the Ticket Resale website using MongoDB, Express.js, React.js, and Node.js, enabling seamless integration of frontend and backend functionalities.
- Implemented secure user authentication, allowing users to securely create accounts and post tickets for sale with ease
- Leveraged MongoDB for efficient data storage and management, while implementing robust security measures to protect user data and prevent unauthorized access.

Chrome Extension **Aug 2022 - Nov 2022**

- Developed QuickLinks, a Chrome extension that allows users to save and access favorite websites instantly.
 - Demonstrated passion for web development by utilizing HTML, CSS, and JavaScript to create the extension.
 - Created a user-friendly interface that enables users to save and visit websites with a simple click.
 - Implemented efficient code architecture to ensure smooth functionality and optimal performance.
-
